

FOR IMMEDIATE RELEASE**Fujitsu Services to Address London's 7x24 Exchange Group on Benefits of Aperture's VISTA for Data Center Management**

Stamford, CT, June 20, 2006 – Aperture Technologies Inc., the leading provider of enterprise software solutions that enable organizations worldwide to manage the physical infrastructure of their data centers, today announced that Mark Scott, Fujitsu Services Data Center Development Manager, will highlight Aperture's key role in managing the data center during a presentation at the 7x24 Exchange Group Launch in London.

Who: Mark Scott, Fujitsu Services Data Center Development Manager

What: 7x24 Exchange is a leading knowledge exchange for those who design, build, use, and maintain mission-critical information infrastructures. Its goal is to improve end-to-end reliability by promoting dialogue among data center managers and other IT professionals. Attendees will benefit from Mr. Scott's 22 year tenure in the industry, where he has managed the day-to-day delivery and ongoing strategy for numerous customer sites.

In his presentation titled "Using Aperture VISTA for Managing Enterprise Data Centers," Mr. Scott will address issues such as:

- Managing multiple data centers
- Exploring key drivers and industry issues impacting data centers
- Understanding practices of the best run data centers
- Developing tools and processes that ensure understanding and adherence

Where: 7x24 Exchange Group Launch, ExCel London, Hall 2 of the Platinum Suite, One Western Gateway, Royal Victoria Dock, London

When: This presentation will take place at 9:50am – 10:35am on Wednesday, June 28, 2006

About Fujitsu Services

Fujitsu Services is one of the leading IT services companies in Europe, Middle East and Africa. It has an annual turnover of 1.99 billion pounds sterling, (2.86 billion euro) employs 15,200 people and operates in over 20 countries. It designs, builds and operates IT systems and services for customers in the financial services, telecom, retail, utilities and government markets. Its core strength is the delivery of IT infrastructure management and outsourcing across desktop, networking and data centre environments, together with a full range of related services, from infrastructure consulting through integration and deployment.

Headquartered in London, Fujitsu Services is the European-centred IT services arm of the Fujitsu Group. The Fujitsu Group is a US\$44.5 billion (34 billion euro) leader in the provision of IT systems and services for the global marketplace. For more information, please see: uk.fujitsu.com
