Aperture Executives to Keynote and Present at 7x24 Exchange Conference

Industry experts William T. Clifford and Gregg Lowe to present on managing and planning for change during today's data center evolution

Stamford, CT – September 20, 2006 – Aperture Technologies, Inc., the leading provider of enterprise software solutions that enable organizations worldwide to manage the physical infrastructure of their data centers, today announced that its Chairman of the Board and Chief Executive Officer, William T. Clifford, will keynote the upcoming 7x24 Exchange conference in Atlantic City, N.J. Speaking to an audience of data center professionals, Mr. Clifford will talk about the future of data center management and how companies can better prepare themselves for significant change. Additionally, Gregg Lowe, Director of Data Center Consulting Services at Aperture, will present on ITIL in the Data Center.

Who: William T. Clifford, Chairman of the Board and CEO, and Gregg Lowe, Director of Data Center Consulting Services, Aperture Technologies, Inc.

What: 7x24 Exchange is a leading knowledge exchange for those who design, build, use, and maintain mission-critical information infrastructures. Its goal is to improve end-to-end reliability by promoting dialogue among data center managers and other IT professionals.

Attendees will benefit from Mr. Clifford's extensive experience having previously served as a General Partner of The FieldsGroup, a venture capital and management services firm focused on early stage Information Technology software and services firms. Prior to The FieldsGroup, Mr. Clifford was President and CEO of Gartner Group, Inc., the world's leading authority on the information technology industry, user and vendor technology strategies and market research. In his keynote presentation, Mr. Clifford will address issues and trends in the data center that exist today and will exist tomorrow.

Mr. Lowe most recently served as Director of Data Center Operations at AIG, and before that as Senior Manager of Data Center Operations at JPMC, bringing years of direct experience to his role as consultant at Aperture. He will present on ITIL and Managing the Data Center. Attendees will learn about the data center challenges facing management, such as power, cooling and energy costs. Mr. Lowe will also cover ITIL process improvement and how this can help overcome not only environmental challenges but budget constraints, quality compliance and vendor management.

Where: 7x24 Exchange Conference (Metro NY, Delaware Valley and SIMS), Borgata Hotel Casino & Spa, Atlantic City, N.J.

When: This conference takes place on Sept. 27-28, 2006. Mr. Clifford will speak Wednesday, Sept. 27, at 9 a.m., and Mr. Lowe will speak the same day at 3:30 p.m.
