

## Aperture presents Aperture VISTA for Navy Space & Warfare Command (SPAWAR)

*Aperture's Traci Yarborough to discuss the benefits of Aperture VISTA to sustain a world class, government data center*

**New Orleans, LA– October 7, 2008-** Aperture, an Emerson Network Power brand, and the leading global provider of software for managing the physical infrastructure of data centers has been invited to present the benefits of managing a world class data center with the implementation of Aperture VISTA to Naval attendees.

**Who:** Traci Yarborough, Aperture Technologies, Inc.

**What:** Upon the recommendation of the Navy program office, CARS (Consolidating of Assets Reduction System) who are planning to acquire Aperture's VISTA, Aperture has been invited to speak at the Naval SPAWAR Customer Conference. With between 30 to 50 Navy representatives in attendance, Aperture has been invited to present VISTA in efforts to show the Navy SPAWAR Command will be building a World-Class data center operation by putting the best technology into their data centers.

**When:** October 7, 2008

**Where:** Navy Space & Warfare Command (SPAWAR) facility in New Orleans

### About Aperture

Aperture software from Emerson Network Power is used to manage the physical infrastructure of data centers, reduce operational risk and improve efficiency through the planning and management of data center resources and real-time monitoring of the environment. Emerson Network Power, a business of Emerson (NYSE: EMR), is the global leader in enabling *Business-Critical Continuity™* from grid to chip for telecommunication networks, data centers, health care and industrial facilities. Emerson Network Power provides innovative solutions and expertise in areas including AC and DC power and precision cooling systems, embedded computing and power, integrated racks and enclosures, power switching and controls, infrastructure management and monitoring, and connectivity. All solutions are supported globally by local Emerson Network Power service technicians. For more information, please go to:
